Making a Pineapple Quilt Block is SEW easy with Creative Grids Pineapple Ruler and a few tricks! This ruler makes completing a block fast AND accurate. Let me walk you through the steps to make a 6", 8" or 10" block. After making 1 block you will be set to keep making more blocks during class. We will also discuss other projects you can do with pineapple blocks.

Pineapple quilt blocks can be made scrappy or as two or three color blocks. Because pineapple quilts are made with strips, they can easily be made with *Jelly Rolls or ** Honey Buns.

You should be able to complete several blocks in class and come home with a table runner or the beginning of a quilt.
